CLASSES

CLASS OF '36

Early in November, 1932, the seventy-seven original members of the class of 1936 became an organized body. We chose white and green as our class colors and the Easter Lily as class flower. Guided by the suggestion of Professor G. H. Enss, whom we had invited to be our class sponsor, we selected as our motto a phrase from the book of Revelation, "Conquering, and to Conquer." Carl Kreider as president was supported by Retha Hostetler, (v. pres.); Janet Miller, (sec'y); Glen Guengerich, (treas.); and Justina Enss, (hist.) in the other posts of the executive committee. Outstanding class activities of the first year were a party at the home of Prof. and Mrs. Enss and the class-day outing at Lake Wawasee.

Fifty-one members, some of them newcomers, rallied to the standard in the fall of 1933. Levi C. Hartzler was chosen president. The other officers were Glen Guengerich, (v. pres.); Gertrude Bishop, (sec'y); Orus Jessup, (treas.); and Angelina McPhail, (hist.) Classmates recall with delight the St. Patrick's Day Party at the Home of Dr. and Mrs. Frank Weaver. On May 11, we came together at a farewell party at the Enss home in honor of our sponsor. Our second class outing was held at Rome City, Indiana.

Twenty-eight of us returned as Juniors in 1934. We selected Karl Massanari as president and Prof. Samuel Yoder of the English department as sponsor. None of us will forget the first splendid, rainy evening together, when we sat in the firelight at Camp Mack, or the Mid-year party at Mrs. Slate's, or the farewell banquet to the class of '35 with Bonald Overholt's marimba solos and our sponsor's toast on "Atmosphere." As befitting our growing dignity, we spent our class-day outing quietly at Christiana Lake.

This Senior year of '35-'36 finds twenty-nine of us led by Glen Guengerich as president. The other officers are Retha Hostetler, (v. pres.); Katharine Royer, (sec'y); Lester Hershey, (treas.); and Angelina McPhail, (hist.) Dr. M. C. Lehman, the new head of the philosophy department, is our sponsor. We are grateful to Dr. and Mrs. Lehman, Retha Hostetler, and Mrs. Slate for helping us to carry out our activities this year in a series of chummy, mysterious parties at Christmas time and the anniversaries of St. Valentine and St. Patrick.

Scholars, poets, musicians, artists, and athletes to others; we have been to one another classmates and friends. As we separate, each conquering and to conquer in his own field, we believe that the bonds forged here will become immeasurably elastic and that our unity, which is of the spirit, will remain indissoluble.

—Angelina E. McPhail.

CLASS OF '37

In the fall of 1935 thirty-six Juniors began the third year of college work with the following class officers: president, Dwight Yoder; vice-president, Charles Kreider; secretary, Ruth Ebersole; treasurer, James Brenneman; historian, Lois Miller. The class colors, as chosen during our first year, are brown and gold, and the class flower, the marigold. As a motto we chose: "Sincerity, Simplicity, and Service."

Our class was not different from the ordinary Junior class when its number decreased considerably due to the large number of Elementary Education students who did not return to join us. However, we are different, in at least one respect: the Junior class had a women's basketball team. How good? Well, we need not discuss that. And speaking of basketball, due credit should be given to Slagel, our "cheer leader Charlie." The men's basketball team supported the honor of the class by going through to the finals in the tournament. We toast to such players as "Corky" Troyer and "Beef" Miller.

But what does a baseball game, a lake, and a corn roast recall to your mind? Wolf Lake was the scene of our class picnic in October.

The presentation of a short sketch in an attempt to portray the life of Richard Wagner as well as present some of his famous compositions was our first public program of the year and was given in the dining hall.

Popcorn, candy, apples, and a warm house (thanks to Charlie) all remind us of the informal party at Ruth Ebersole's home. "Exams are all over" is what it really signified.

We are nearing our goal all too rapidly. Some have left us each year, while others have joined us. Together, we have met success as well as failure. Both have bound us with a cord that cannot be broken—a cord of loyalty and friendship.

As a class, may we remember: "There is a destiny that makes us brothers; none goes his way alone. All that we send into the lives of others comes back into our own."

—Lois Miller.

CLASS OF '38

September found a group of eager sophomores returning to the campus. Some of our class did not return and consequently the size of the class decreased from one hundred ten to eighty-four. The absent members were greatly missed, but their places were, at least partially, filled by newcomers. Yet the class was the largest ever enrolled as sophomores. The men of the class soon found that the women outnumbered them, almost two to one.

At the first meeting of the class, the following officers were elected: president, Charles Neff; vice president, Harry Lapp; secretary, Elizabeth Sieber; treasurer, Don Kreider; historian, Emanuel Hertzler. The class emblems continued as the year before; Motto, "No Victory Without Labor"; colors, maroon and white; flower, the rose. Dr. Paul Bender continued as our adviser.

Before settling down to hard work, the class enjoyed an evening outing at Miller's Park. Memories of the reunion will live for a long time. Games, stories, and an auction played their parts in the evening's entertainment. In January, the unusually cold weather, a bright moon, and an abundance of snow suggested a sleighing party. Three sleigh-loads of sophomores serenaded the surrounding countryside. On the return trip, at Violet Cemetery, someone started a series of ghostly tales. Hot soup and a warm dining hall climaxed the evening.

Leap Year suggested an original "Backwards Party," which was held between semesters. For one evening everything was completely topsy-turvy. The program began with toothpicks and ended with a hearty welcome by the president. Every sophomore will retain somewhat "dizzy" memories of the unusual evening.

Besides these many pleasant experiences, there were also some that were unpleasant. Bereavements and serious illness frequently saddened us. Waldo Lehman's recovery relieved his fellow-classmen.

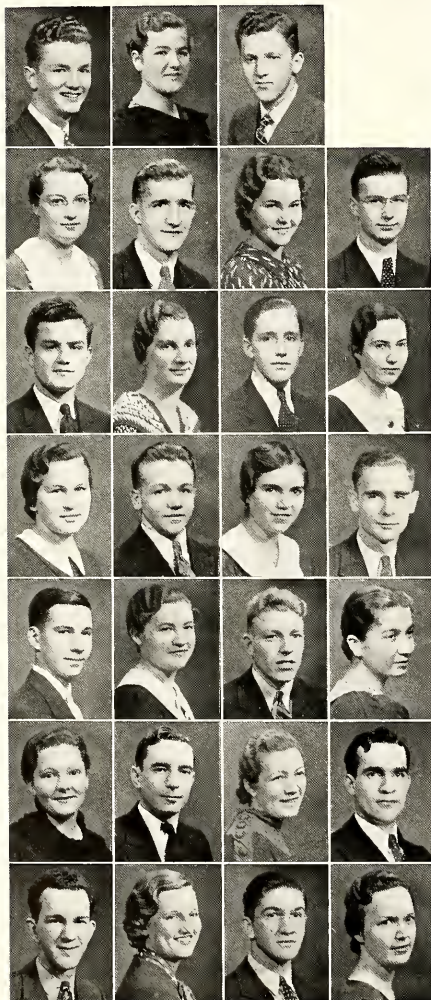

Our representatives in interclass activities were very successful. The men's and women's basketball teams and the debating squad had little trouble in gaining honors for the class. Again, the class was well represented on the varsity and society athletic teams, and intercollegiate debating squad.

CLASS OF '39

Seeking "Culture for Service," ninety-three students entered the college halls and found there a welcome to join educational pursuits already in progress.

The group, not much different from previous freshman classes, represented nine states of the Union and boasted of one student from Germany. Although the individuals differed greatly in interests, they were really one in spirit. Upon becoming an organization they gave the responsibility of president to Leland Byler; vice president, Harvey Hunsberger; secretary, Naomi Hoylman; treasurer, Mae Rohrer; historian, Ruth King. For class sponsor they chose Miss Shenk. Among the colors of scarlet and gray they planted the yellow tea rose, and for a motto and standard they raised the banner of "He Conquers Who Endures." Endeavoring not only to learn, but to learn and live, music, athletics, and forensic activities were not forgotten. The public literary program presented Robert Hippensteel and his violin. Kenneth Snapp, Leland Byler, and Eugene Yoder were the three musketeers for the year, armed with cornets. Now and then, for a bit of the unusual, we turned to Francis Smucker, the whistling songster. Baseball, basketball, and other sports were entered whole-heartedly by both men and women. Three teams among the men became active in debate. The discussion contest for the freshman men was entered by eight contestants, prizes being awarded to William Kelly, first; Falls Hershey, second; Dorsa Mishler, third; and Howard Blosser, fourth. For a bit of spice in life we enjoyed a "tacky" party, where the spirit of youth manifested itself by throwing off school duties, for a brief time, and enjoying the company of fellow classmates. Miss Shenk, also, added to the enjoyment of our school days by giving a tea for the class and faculty.

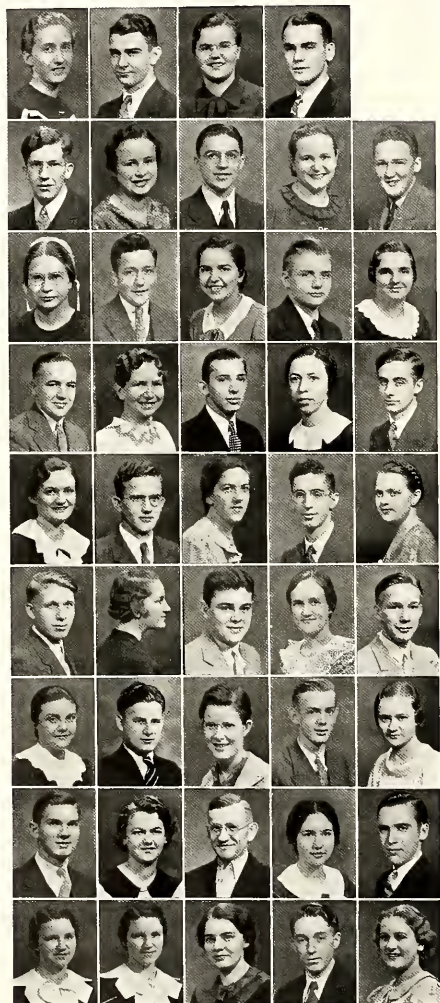

We, as freshmen, feel far richer than ever before, for we have grown intellectually, won new friends, helped each other to convert stumbling blocks into stepping stones, and progressed together in the school of life.

DEPARTMENTS

SUMMER SCHOOL CF '35

What pleasant memories we treasure of the happy days spent during the summer of '35. Perhaps the size of the group had a favorable influence upon the spirit of loyalty which was evident among us. The term began by choosing Atlee Beechy as our president and Elsie Mast secretary. Through their leadership we enjoyed many happy hours of fellowship together. The routine of school life was relieved by week-end visitors, pleasant campus frolics, and frequently a dip in the fountain.

Review with us the outstanding social functions of the term: There were campus frolics which usually resulted in grass-stained trousers and shoes—but little we cared when we were learning to know and appreciate our comrades.

July 4th did not bring the usual noise and clatter of fire-crackers and pop-guns, but a quiet and restful day. Some of our number accepted the kind invitation to attend the annual picnic of the College Congregation.

Next in the order of big events was the Summer School outing. We chose to go to Indiana Dunes State Park. How eagerly we set off in the bus, prepared for a day of fun! For a while it seemed that we would have to return hungry—but we brightened up when faithful Oswin arrived bringing the forgotten sandwiches. Then the blistering sunburn that resulted—can we ever forget?

Let us not overlook the deeper associations made through spiritual contact. Cherished in the experience of each one were the prayer meetings—especially those held out in the grove. There we were drawn nearer to Christ through our spiritual fellowship together. The Young People's Meetings held our interest on Sunday evenings.

On August 3rd our session was brought to a close by an impressive convocation address given by Rev. J. A. Huffman, D. D., Dean of Winona Lake School of Theology.

SOME TRENDS IN THE BIBLE DEPARTMENT

The Bible Department during the past decade has enjoyed considerable growth and patronage both from full-time Bible students, and also from college students who desire Bible courses in addition to their college work. Following are tabulated a series of data which show the trends for the decade:

- (1) Number of semester courses offered.
- (2) Number of students in college, omitting spring, summer, extension, and special students.
- (3) Number of students taking one or more semester Bible courses.
- (4) Per cent of students taking one or more semester Bible courses.
- (5) Number of semester hours of credit given in Bible.
- (6) Per cent of increase over 1924 in students taking Bible.
- (7) Per cent of increase over 1924 in semester hours of Bible credit.
- (8) Number of students enrolled in Winter Bible Term of six weeks.

	(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)
1924-5	14	78	32	41%	182			32
1925-6	8	120	46	35%	226	43%	24%	53
1926-7	16	122	53	43%	295	65%	62%	20
1927-8	17	156	82	52%	357	156%	96%	17
1928-9	15	176	97	55%	464	203%	154%	24
1929-0	13	195	88	45%	373	175%	104%	27
1930-1	9	176	58	32%	239	81%	31%	21
1931-2	11	152	65	42%	257	103%	41%	11
1932-3	23	180	111	61%	542	247%	197%	29
1933-4	20	195	91	46%	636	184%	249%	36
1934-5	20	245	133	54%	773	315%	324%	33
1935-6	33	252	130	51%	827	306%	354%	50

The following conclusions may be drawn from the above: (1) The average number of courses offered for the period is 17. This average was eclipsed the last four years when 20, 29, 29 and 33 courses were offered respectively. (2) The year 1930-31 shows the least number of courses offered, also the least number of students enrolled in Bible courses since 1924. The reasons for this drop seem to be the illness and death of Dean Oyer and the depression. (3) An average of 45% of college students during the period enrolled in one or more semester courses in Bible. (4) Using 1924 figures as a basis, the increase in the number of students taking Bible for the eleven years following 1924 runs up from 43% to 306%. (5) Again using 1924 figures as a basis, the increase in the number of semester hours of Bible credit for the eleven years following 1924 runs from 24% to 354%. This shows that the increased number of persons enrolled in Bible courses is also taking more hours of credit per person. For example: In 1925, 46 students received 226 hours of credit, an average of 4.9 hours per person. In 1935, 130 students received 827 hours of credit, an average of 6.3 hours per person.

ORGANIZATIONS

Y. P. C. A.

On a campus where Christian motives in education are emphasized above all others, it is only natural that every activity on the campus should be directed by organizations that have the furtherance of the cause of Christ as their very basis. The Y. P. C. A., through its two cabinets, endeavors to direct this activity into channels of useful Christian service. Each cabinet is composed of three elected officers, president, secretary and treasurer, and seven committee chairmen. Of these committees, the Social Committee attempts to create a wholesome social life on the campus. The Extension Committee provide avenues for student religious expression off the campus, by arranging for the gospel deputation trips, visits to the city jail, and programs at nearby churches and mission stations. The other committees aim to aid the student on the campus in his own Christian life by providing for mission study classes, Bible study classes, Thursday morning student devotionals, prayer meetings, and daily morning devotion in the dining hall. A new committee was formed this year to replace the Employment Committee and was called the Church Relations Committee. This committee has been active in helping Mennonite students appreciate the distinctive doctrines of the Mennonite church, such as non-resistance and non-conformity, and in the formation of the newly organized Goshen College Peace Society. In all of its work the Y. P. C. A. Cabinet has tried to do its best in creating a true Christian atmosphere on this campus and helping others learn of Him.

Y. P. C. A.

As in years past, the Y. W. C. A. continues to make its contribution to student life at Goshen College. We cooperate with the Y. M. C. A. in their endeavor to create a true Christian atmosphere on our campus. Our aim as a group of Christian workers is well expressed in our motto, "To Know Christ and to Make Him Known." To know Christ means more than merely knowing about Him; a real knowledge of Him comes only as the result of a close personal acquaintance with Him. This acquaintanceship is one that each of us sorely needs to develop, and yet it is one that is so easily neglected in the busy life of a student. So it is our immediate concern that each student should be surrounded with influences and forces that will help him to foster a very intimate friendship with his Master. These wholesome influences, our cabinets, through their activities, endeavor to provide. When we have developed a close, personal friendship with our Master, His cause and His interests become ours also. Then our immediate concern is that others should learn about our Christ. In other words, the latter part of our aim, that of making Him known, becomes a natural part of our lives as a result of really knowing Him. Since really knowing Christ results in really living the Christ-life, and since living the Christ-life is the most effective way to make Him known, it is our wish that each girl, before leaving our campus, may have found a richer and deeper experience with Christ.

CHRISTIAN WORKERS' BAND

In the quiet of the early Sunday morning, it is refreshing and inspiring to meet as a group of Christian young people who share like aims and aspirations—to worship and speak together concerning the things of the Christian life. Together, we can help each other to become better Christians. The programs this year have followed such general topics as "Qualifications for Christian Work" and "Methods of Evangelism." Opportunities for service in our own Sunday schools and churches were discussed. Such specific fields for work were presented as the American Indian Reservations, the Kentucky Mountains, our cities, and needy foreign fields.

AUDUBON SOCIETY

One of the first groups to reorganize in the fall was the Audubon Society. Although many of our feathered friends were gone by September, we were still able to identify a number of birds on the first hike. With winter came a lull in our activities, but with the return of spring all the thrills of seeking these singing friends were renewed. It is particularly enjoyable to go on an early morning hike, to be rewarded with the songs of many new arrivals, and finally to enjoy the pleasure of steaming coffee and hot sandwiches.

The club is fortunate in having as active members three professors: Dr. Witmer, Dr. Miller and Dr. Paul Bender.

Le Cercle Francais is composed of students who are now taking French or have had two or more years, and who are interested in gaining a further knowledge of the French language and the French people. The club meets once a month for a program and social hour. Since Le Cercle has been organized, it has annually sponsored a recital. This

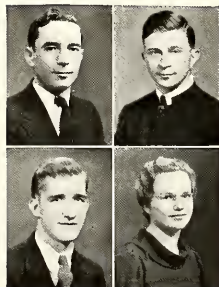

year, November 10, Miss Esther Goodwin, contralto, accompanied by Miss Fern Weaver, also of the American Conservatory, gave us a delightful evening of music. During the remainder of the year the programs were sponsored by the various classes except the March meeting, at which time Madame Wolfe, of LaPorte, Indiana, and formerly a resident of Paris, France, spoke to us in her native tongue at the home of Mrs. George Slate. The proceeds and dues of the French Club are used to add books to the French library.

—Caroline Smucker

DER DEUTSCHE VEREIN

Der Deutsche Verein originated October 12, 1932, at which time its first meeting was held. After several years of inactivity the Club was reorganized in the fall of 1935; and resumed its activities under the sponsorship of Mrs. H. S. Bender with regular monthly meetings. The first regular meeting was held in the Social Room of Kulp Hall. At this meeting H. S. Bender presented pictures of modern Germany. At the public program sponsored by the Club on November 18, Walter Yoder presented a series of slides and orthophonic records illustrating the life of Bach. Other interesting events in the year's programs were the Christmas program held at the home of Mr. and Mrs. H. S. Bender, December 16, and the social evening enjoyed at the home of Mrs. Ina Slate, January 28.

The Home Economics Club was organized for the purpose of developing a keener interest in the daily problems encountered in the field of Home Economics. Some of the problems of the day are the selection of food, caring for clothing, stretching one's resources to meet maintenance needs and living more happily with one's family. These are considered from the viewpoint of scientific research and with the aid of practical suggestions from magazines. Due to the ever increasing problems in the home, and the broadness of the field, there has been an increase over last year's membership in the club. Among the interesting features of the year's activities were sandwich sales, a talk on "The Life of the Woman of India" by Mrs. Esch, a sunrise breakfast and a review of outstanding women in Home Economics.

BIBLE CIRCLE

President.....John Coffman
Vice-President.....Leland Bachman
Secretary-Treasurer.....Welma Graber
Faculty Adviser.....I. E. Burkhardt

Goshen College offers many opportunities to students who are interested in Bible study. Those who are enrolled

in the Bible department naturally have common interests and a desire for fellowship. The realization of such a need among the Bible students resulted in a new campus organization—the Bible Circle. The purpose of the Bible Circle is four-fold: (1) To create and foster interest in full time Bible study; (2) to promote spiritual life and fellowship among Bible students; (3) to engage in practical Christian work under the direction of existing organizations; and (4) to consider and discuss church needs and work. A president, vice-president, and secretary-treasurer comprise the officers, who, with the faculty adviser, form an executive committee to arrange for the semi-monthly meetings and to guide the activities.

—Welma Graber

FOREIGN VOLUNTEER BAND

This organization admits as its members, those who are vitally interested in active service on foreign fields. Twenty-one students joined this year. The most suitable time to meet has been 6:15 A. M. every Friday morning. In spite of the early hour, the meetings have been well attended. The programs were centered around the preparation of a foreign missionary, and a study of missions in India, Africa, South America, and China. The privilege of hearing experienced missionaries and ministers adds practical value to

our programs. The Band fills a large place if it but keeps alive an active interest in foreign missions, and encourages those who seriously consider active mission work as a life occupation.

The Elementary Education Club has been organized in order that we, who are preparing to teach, may receive a real appreciation for our work, and may better serve in the field which we have chosen.

The organization meets every three weeks. Through the experiences of others who are well acquainted with the work and the need of this field, we receive helpful information. Our problems are discussed together, and we aim to help each other in preparation for teaching.

Many of our members are doing student teaching in nearby schools. This proves to be very practical experience that will be invaluable to us in years to come.

PEACE SOCIETY

As an outgrowth of the Church Relations Committee of the Y.P.C.A. the Goshen College Peace Society has been organized for the purpose of stimulating scholarship and research on peace projects, and for the peace education of Mennonite youth. Monthly meetings at which a paper on some phase of peace problems is read, keep faculty and students vitally interested in the work of the organization. Most of the official work of the organization is carried on by a Board of Directors composed of a Faculty Chairman, the Executive Committee of the Society, and two student representatives who are elected by the Society.

Gibbon once said, "All that is human must retrograde if it does not advance." In order to prevent the former

possibility, a new organization known as the Music Club has been created on the campus. The purpose is to propagate good music both on and off the campus.

Through the cooperation of this organization, the faculty, and the music department of Goshen High School, a series of three concerts has been presented. The first of these was George Schapiro's Little Philharmonic Symphony Orchestra. Another program featured Charles Wakefield Cadman who was supported by an instrumental quartet. The last number, Alberto Salvi, harpist, with a string quartet was a fine climax for the group.

STUDENT LIBRARY ASSOCIATION

"Next to acquiring good friends, the best acquisition is that of good books." This society is composed of all the members of the four literary societies. Its finances are obtained by an assessment of the year's fees paid into each literary society. The aim of the society is to better equip the library with books which will be of help to both the students and the faculty, and to stimulate interest in the use of the library facilities among the students. Books are suggested by both the faculty and the students and are purchased through a book committee

which consists of a member from each of the four literary societies and a faculty adviser.

MENNONITE HISTORICAL SOCIETY

President.....Harold S. Bender
Vice-President.....Guy Hershberger
Secretary.....Silas Hertzler
Treasurer.....Edward Yoder

The Mennonite Historical Society exists because there were, at the time of its organization in 1924, a group of faculty members and students of Goshen College who felt that the significance of present day Mennonite doctrine and practice would be clarified if the Church could better appreciate its European and American background.

The society aims to foster research, so that the facts of Mennonite history may become more widely disseminated in the scholarly world as well as in the Mennonite Church of today. This ideal is carried forward through the publication of a journal, "The Mennonite Quarterly Review," in which are published the results of serious study in Anabaptist and Mennonite history.

More extended studies are published in book form in a series of monographs edited by members of the society's board of directors. Public lectures on problems concerning Mennonite history and on present day issues growing out of the Mennonite background, form another aspect of the program of education to which the society has set itself.

—Silas Hertzler

ALUMNI ASSOCIATION

An encouraging feature of correspondence with numerous alumni during the last year has been the evidence of keen interest in the welfare of their Alma Mater. Goshen College has had a hard fight to meet the drastic effects of the "depression" but now that more alumni are earning, they are beginning to ask what they can do to help. This evidence of a sense of obligation for benefits received at Goshen is heartening to those now responsible for the administration of the College.

Plans for cooperation in helping our Alma Mater to a larger field of usefulness are being considered and the Board of Directors desires the counsel and suggestions of all regional associations and interested alumni.

GOSPEL TEAMS

To prepare one's self to meet the complexities of today is a problem of Christian youth. We are grateful to the church for offering to her youth the privilege of thorough training under competent Christian instructors and in a Christian environment.

The past Christmas season has again afforded us the opportunity of expressing our appreciation to a number of our constituent churches by carrying to them Gospel messages through the Extension Department of our Y. P. C. A. With the united support of faculty and students, two Gospel teams were sent out. The groups, composed of eight and five men respectively, enjoyed the hospitality and fellowship of eighteen churches in central Illinois, and northern Illinois and Iowa respectively.

We are grateful for the opportunity and privilege of bearing our testimony of Christ to the Church through whose educational department we have entered into a richer, fuller Christian experience.

May the Church continue her present program of training Christian youth through her Educational Department both at Goshen and her sister schools, and may these institutions return to their constituent churches a spirit-filled youth, prepared to serve a needy world.

BASKETBALL

At Goshen College basketball is the major sport of intramural activities. This is evidenced by the number of games played and by the number of men who participated during the current season. Over thirty games were played and approximately thirty men were actively engaged in this hard court sport, besides the many others who played only occasionally. Basketball of high calibre was upheld by both the officials and the players.

During the past season a conference of class teams was formed, the fifth team consisting of the best "B" men from the Freshman and Sophomore classes. At the conclusion of two rounds of playing an Elimination Tournament was held. However, the high spots of the season were the Adelphian-Aurora games. This series has established itself in the past years as outstanding and this year has been no exception. Perhaps the best all-around game of the season was the second one of this series which the Auroras won in an overtime, 36-34. Unlike some previous years, every team appearing on the basketball schedule was suited in neat uniforms.

Thus, many an hour of pleasant recreation was provided during the mid-winter months to those who could slip away from books to the gym, either to play or see a good basketball game.

—Glen Guengerich

WOMEN'S BASKETBALL

The Basketball season of '35-'36 can hardly be termed a real success although this was not due to anyone's particular failure. The girls were well organized before Christmas vacation into five teams: Freshman A, Captain, Martha King; Freshman B, Captain, Vera Emmert; Sophomore A, Captain, Lorene Yoder; Sophomore B, Captain, Velma Johns; and a Junior team with Mary Esch as Captain. Three good games were played before Christmas but when students returned from vacation the tragedy of the gymnasium boiler had occurred and women's basketball had to be dropped until a later date when the gymnasium could be used without heat. The annual Avon-Vesperian game was also played. This was an interesting struggle which closed with the score 29-13 in favor of the Vesperians.

The final results of the season can only be estimated, as the tournaments were never finished. The Sophomore A team closed the season as champions having won every game they played. The Sophomore B and Freshmen A tied for second place for each team won one game and lost one game and the Juniors and Freshmen B tied for third place. Hazel Conrad had high scoring honors again this year with Lorene Yoder, a close second. This tall forward pair with Ethel Shoup as the year's best guard was the team that held the year's honors. Congratulations must also be extended to the Varsity team which started the basketball season so well by winning the Home-Coming game from the Alumnae for the first time in three years.

MINOR SPORTS

SOFTBALL

Four teams were organized and two playing fields were utilized twice weekly as the schedule of twelve games was played. A growing interest is being manifested in this sport.

TENNIS

This ever popular game attracted over thirty men to enter the Perpetual Tennis Tournament. After considerable playing and readjustment of positions in the tournament, eight men of the highest standing were placed in the Fall Elimination Tournament. The winner was Bonnie Overholt who defeated Eddie Belan in the finals.

A Spring Elimination Tennis Tournament is being played on a similar plan, except that only sixteen men are allowed to enter this tournament.

SOCCER

One of the most thrilling soccer seasons in recent years was played last fall between the Adelpian and Aurora literary societies—and the championship was left a draw. The following scores characterize the season:

Adelphians 2, Auroras 0; Auroras 1, Adelphians 0; Auroras 1, Adelphians 1 (one overtime); Auroras 1, Adelphians 1.

BASEBALL

As the Maple Leaf goes to press three teams are battling for supremacy and competition is going strong. There will also be action between the Adelpian and Aurora teams this spring.

ARCHERY

The second year for this sport on the campus has revealed a growing interest and popular approval as well as an increase in real bowmen's skill. The sport has remained open to any student who meets certain rules in regard to proper use and control of the bows and arrows. Definite qualifications and ability in archery are required for entrance into either the spring or fall tournament.

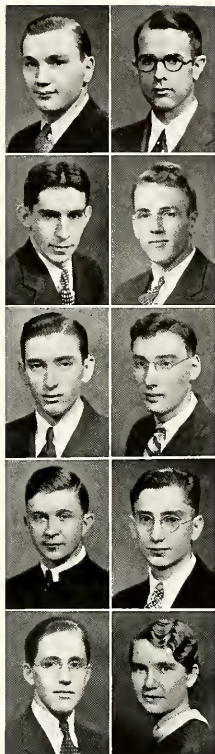

—Glen Guengerich

ATHLETIC ASSOCIATION

Beyond the few brief college days lie the years when for various reasons certain group games and certain strenuous games must be abandoned. We believe at Goshen College that for maximum health, happiness and efficiency, a program of recreation should never be abandoned. Every individual should plan as intelligently and conscientiously for his physical well-being as for his intellectual development. Why should the graduate join the crowd on the bleachers or the multitude that does nothing when there are so many worthwhile, interesting, and refreshing things to do? The games usually emphasized in colleges such as basketball, baseball, soccer and tennis make up an important part of our athletic program. But to an increasing extent we are attempting to broaden the program to fit everyone's needs and interests. Opportunities are given for the development of recreational activities that may continue indefinitely. Activities that lead one out-of-doors, activities that require very little in the way of expenditure have in general not received the emphasis that they deserve. This probably is due to the mistaken notion that only those things that cost money are worthwhile. Interest in hiking and allied activities has slowly been gaining momentum as serious students are realizing the worth of such a program. Rich will be our rewards when we can more efficiently work and play and study in the hills, in the woods, along the streams and lakes.

STUDENT AID

A continued policy of the administration of the College has been to give financial aid to worthy students. During the last few years this aid has increased both as to total and average amount per student. This year one hundred and nine students, or forty-three percent, of the regular full time enrollment, earned a part of their expenses on the campus. The total earnings of these students represented twenty-thousand dollars or an average of one hundred and eighty-three dollars per student. The positions held included faculty and library assistantships, janitor and dining hall services, government aid projects, and shirt factory labor. An additional six thousand dollars was granted this year in scholarships and other grants.

THE SHIRT FACTORY

In the last two years, an outstanding means of student aid has been the shirt factory which manufactures men's work shirts. The work is ideal for student industrial employment. It is clean, simple, comparatively light, and easily learned. Convenient operating hours are arranged so that no one is deprived of class attendance. During the last year about twenty students have been aided by this factory. As the demand for "G. C." shirts increases, more students will be aided. This factory, can, upon a sufficient demand, employ as many as fifty students. The factory is under the capable management of J. E. Brunk, a graduate of 1915, who has had a broad experience in industrial management.

To the fair in the pride of the morning."*

We became as a fellow part of the school and the student body, entering into the spirit of the book's purpose and its contents and so lending our inspired loyalty to its every detail of issuance. And in that degree of appreciation, to the graduate and undergraduate, and to your school, we dedicate this book. The Fowle Printing Company, 524 N. Milwaukee Street, Milwaukee, Wisconsin.
